PHLEBOTOMY & INJECTION TECHNIQUES PRACTICE KIT

SKU: AD603-INJ-EXTP

The Apprentice Doctor® Injection Trainer Kit includes a wearable phlebotomy trainer that offers a realistic experience when placed on a fellow student's arm by simulating patient interaction and movement. The wearable phlebotomy trainer has self-sealing veins and provides visual feedback through flashbacks to confirm correct vein access. The Injection Trainer Kit includes all the essential hospital-grade simulation items required to practice the phlebotomy and IV skills taught in its comprehensive certified online course, which counts towards 60 extracurricular credit hours. Also included in this kit is a subcutaneous injection pad to practice injection techniques.

CONTENT LIST

Phlebotomy & Injection Techniques Practice Kit

6 Months' Access to Certified Online Phlebotomy and IV Skills Course.

- 1 - Wearable Phlebotomy Trainer
- 1 - Subcutaneous Injection Trainer Pad
- 2 - Syringes (10 ml) with Needles
- 3 - Butterfly Needles
- 2 - Vacuum Tube Needles
- 1 - Empty IV Bag (200ml) with IV Tube
- 2 - IV Catheters
- 1 - Vacuum Tube Holder
- 10 - Vacuum Tubes
- 1 - Non-latex Tourniquet
- 1 - Pair of Non-Latex Gloves (Medium)
- 6 - Alcohol Prep Squares
- 1 - Work Surface Cover

ANATOMICAL PHLEBOTOMY & IV SIMULATION ARM

SKU: AD604L-No-Shrp
SKU: AD604D-No-Shrp

The Apprentice Doctor® Anatomical Phlebotomy and IV Skills Simulation Training Arm, designed by medical professionals, offers a realistic training experience for those new to phlebotomy and IV techniques. This simulation arm can be used to prepare students for clinical practice by building the confidence and

muscle memory needed for phlebotomy procedures, successful IV-line placement, injections, among others. Its durable, self-sealing* veins withstand repeated use—hundreds or even thousands of needle sticks—while maintaining consistent performance. Available in both light and dark skin tones and backed by a one-year warranty, it's ideal for extensive use in both workshop settings and solo practice.

The NO-SHARPS arm is tailored for regions with strict sharps control, so you can still access our high-quality arm while staying fully compliant with regional regulations.

CONTENT LIST

Anatomical Phlebotomy & IV Simulation Arm

6 Months' Access to Certified Online Phlebotomy and IV Skills Course.

- 1 - Anatomical Phlebotomy & IV Simulation Arm (Light/Dark Skin) with Tubes and Clamps
- 1 - Phlebotomy Arm Carry-Bag
- 1 - Work Surface Cover
- 2 - Reservoir Bottles with IV Tubing
- 1 - Metal IV Stand

NOTE: The self-sealing ability of the latex vein tubes varies with factors such as needle gauge and the veins' internal hydrostatic pressure.

ANATOMICAL PHLEBOTOMY & IV SIMULATION ARM EXTENSION PRACTICE KIT

SKU: AD604-DARK-ExtPA

SKU: AD604-LIGHT-ExtPA

This pack contains The Apprentice Doctor® Anatomical **Phlebotomy and IV Simulation Arm** and an extension practice kit which contains all items needed to complete the IV and phlebotomy training provided in the online course, worth 60 extracurricular credit hours.

CONTENT LIST

VENIPUNCTURE LAB-10 PACK

SKU: AD603-WS10

The Venipuncture LAB-10 Pack, designed for use with The Apprentice Doctor® Anatomical Phlebotomy Simulation Arms, supports up to 10 students in a workshop setting. It

includes contents for six distinct workstations, each dedicated to practicing a different IV and phlebotomy skill. This versatile setup allows for targeted instruction and hands-on experience under the guidance of a qualified trainer. The package includes access to the certified online Venipuncture course, equivalent to 60 extracurricular credit hours, for up to 10 students.

CONTENT LIST

Venipuncture LAB-10 Pack

6 Months' Access to Certified Online Phlebotomy and IV Skills Course for 10 Students.

General & Tourniquet Pack:

- 2 - Clip Tourniquets
- 10 - Disposable Tourniquets
- 10 - Velcro Tourniquets
- 10 - Aprons
- 10 - Marker Pens

NOTE: Please note that for each workstation 2 through 6, a simulation arm and a reservoir container are necessary but are not included in the kit. These items must be ordered separately if you do not already have them. Sold Separately.

CONTENT LIST

Venipuncture LAB-10 Pack

PACK 5 - Phlebotomy Vacuum Container

- 10 - Vacuum Tube Needles
- 2 - Vacuum Tube Holders
- 1 - TPE Tourniquet
- 10 - Alcohol Swabs
- 10 - Cotton Wool Balls
- 1 - Roll of Tape
- 2 - Kidney Dishes
- 1 - Work Surface Cover
- 1 - Sharps Waste Container
- 1 - Waste Bag

These components are essential for various medical procedures, offering a comprehensive setup for training and practice sessions.

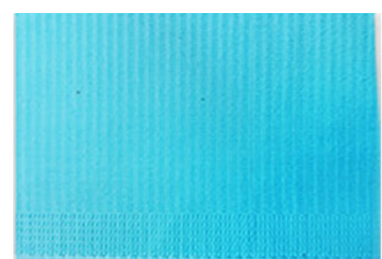

NOTE: Simulation arm and a reservoir container needed for this workstation. Sold Separately.

CONTENT LIST

Venipuncture LAB-10 Pack

PACK 6 - IV Skills

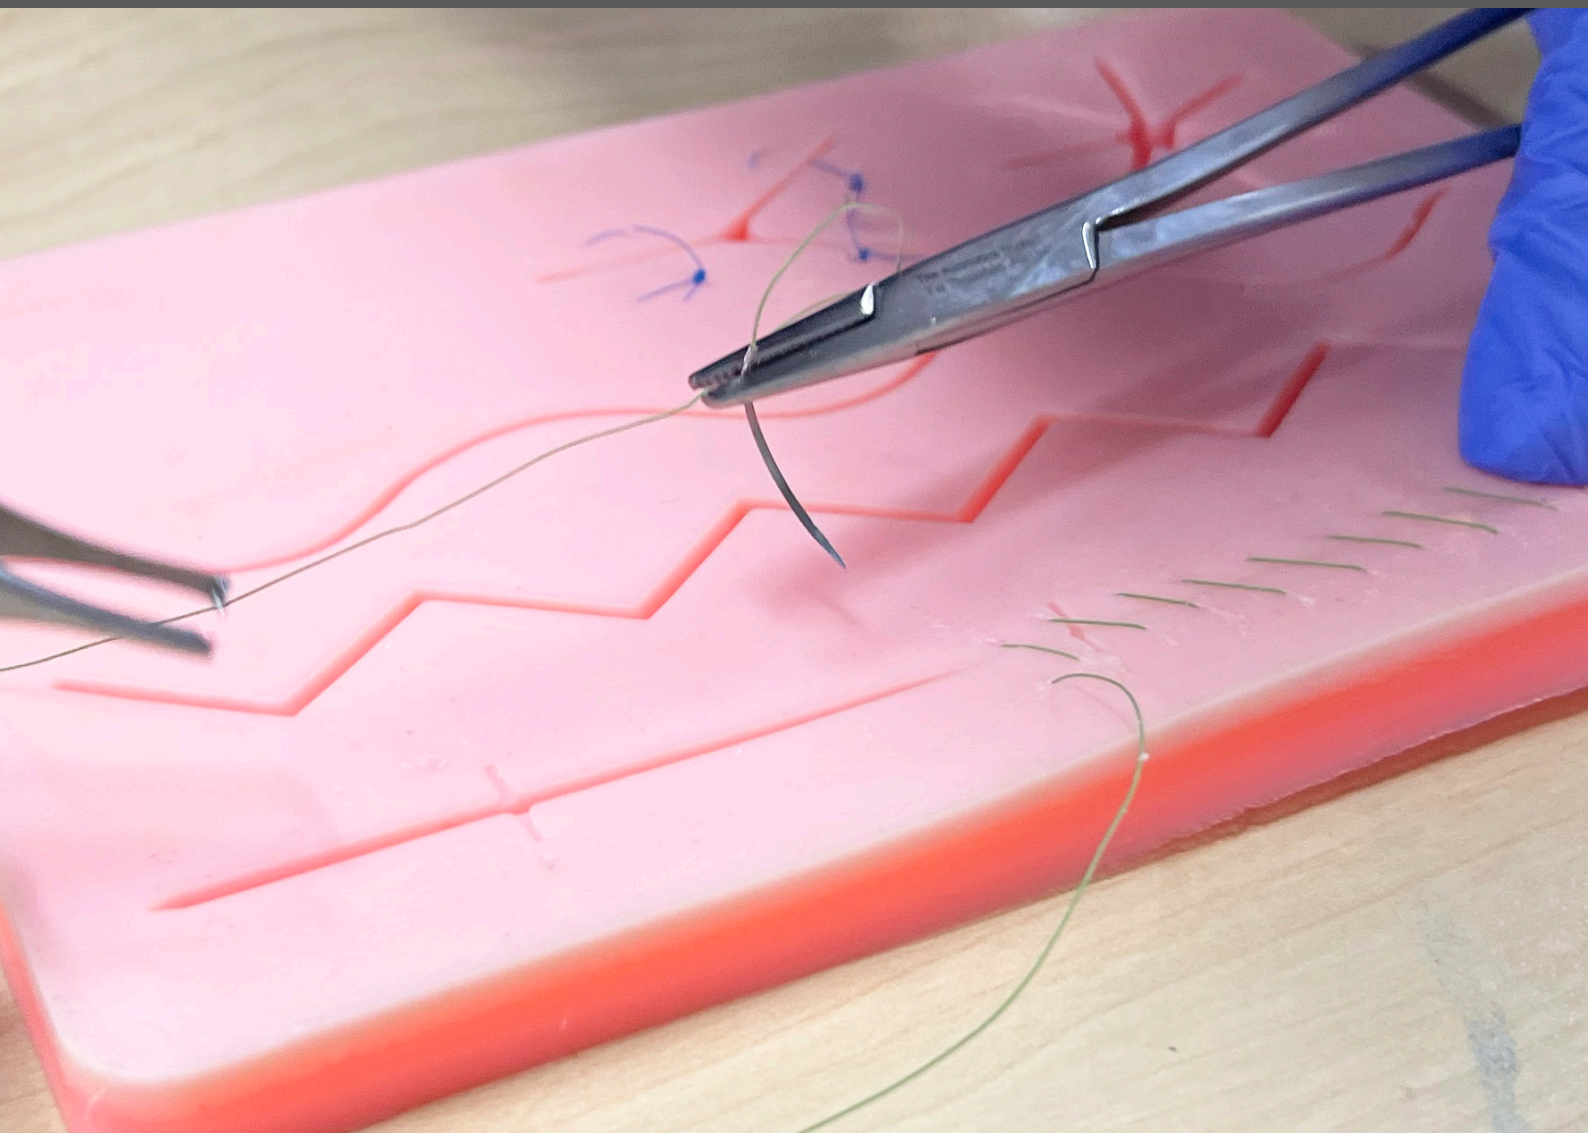

- 2 - Catheter Tip Syringes
- 10 - IV Cannulas
- 10 - Simulation IV Bags
- 10 - Adult IV Admin Sets
- 10 - Adhesive IV Dressings
- 1 - Reservoir Bag with IV Tubing
- 1 - TPE Tourniquet
- 10 - Alcohol Swabs
- 50 - Gauze Swabs
- 2 - Plastic Hooks
- 2 - Kidney Dishes
- 1 - Work Surface Cover
- 1 - Sharps Waste Container
- 1 - Waste Bag

NOTE: Simulation arm and a reservoir container needed for this workstation. Sold Separately.

SUTURING PRACTICE KIT

SKU: AD602-C3

The Apprentice Doctor® Suture Practice Kit equips beginners with the essentials for mastering suturing techniques and surgical knots. This kit includes a durable skin pad for repeated practice as well as all necessary tools such as suture needles, forceps, scissors, and a variety of suture materials organized within an easy-to-carry case. It's ideal for medical students, nursing students, and any healthcare professionals learning suturing skills for the first time. The kit also includes access to the certified online suturing course which equips beginners with the essentials for mastering suturing techniques.

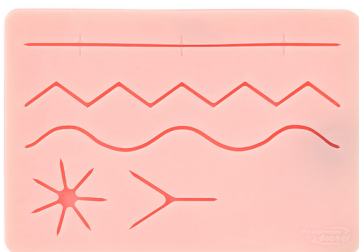

A left-handed kit is available (SKU: AD602-C3-LEFT). The suture pad can be used for up to around 20 uses.

CONTENT LIST

Suturing Practice Kit

6 Months' Access to Certified Online Surgical Knot Tying and Suturing Course.

- 1 - Practice Skin Pad
- 5 - Simulation Suture Thread Packs (Silk, 2/0 or 3/0) with 3/8 Circle Reverse Cutting Needles (26 mm - 30 mm)
- 5 - Simulation Suture Thread Packs (Nylon, 2/0 or 3/0) with 3/8 Circle Reverse Cutting Needles (26 mm - 30 mm)
- 5 - Simulation Suture Thread Packs (Polyester, 2/0 or 3/0) with 3/8 Circle Reverse Cutting Needles (26 mm - 30 mm)
- 1 - Needle Holder (Gold Handle, 6.25 inches)
- 1 - Toothed Forceps (Adson's, 4.75 inches)
- 1 - Flat Forceps (4.75 inches)
- 1 - Stitch Cutting Scissors (5 inches)
- 1 - Scalpel Handle
- 2 - Scalpel Blades (#10)
- 2 - Scalpel Blades (#15)
- 5 - PC Surgical Knot Tying Set
- 1 - Suture Template Booklet
- 1 - Black Zipper Case
- 1 - Marker Pen

SKU: AD602-SILICONE2M

Replacement sutures (nylon, polyester and silk) and suture pads are available for separate purchase.

- 1 - Pair of Gloves (Clean; Non-latex)
- 1 - Pair of Gloves (Sterile Packed; Latex)
- 10 - Antiseptic Swabs
- 1 - Face Mask
- 1 - Tongue Depressor

OBSTETRICS SIMULATION TRAINING KIT (BETA)

SKU: AD611-OBSTET

The Apprentice Doctor® Obstetrics Simulation Training Kit and course, developed with expert obstetricians, provides an immersive learning experience

for aspiring obstetricians and future medical students. The kit includes hands-on simulation tools to practice a range of childbirth scenarios, from routine deliveries to emergency caesareans. Students will learn how to determine the newborn baby's APGAR score and how to perform neonatal resuscitation. The course content covers the entire pregnancy journey, from prenatal care to postpartum management, enriched with detailed diagrams and case studies. This kit is a beta version and best suited for controlled workshop settings.
